

Job-Wall at the DLG trade fairs

Is your company looking for potential junior staff or for experienced personnel? Then use this opportunity to post job vacancies on the Job Wall at various DLG trade fairs. Visitor attention is drawn to the Job Walls in advance by the website and through newsletters and brochures. Experience has shown that the Job Walls at the trade fairs are a magnetic attraction for visitors. In addition, the job vacancies are posted online at the start of the trade fairs.

Depending on the fair, the Job Wall is positioned either on the DLG Stand or in the Campus & Career section.

Your postings on the Job Wall for only € 160 per job vacancy.

Book your job advertisement for the following events:
